SERVICES

Empowering People. Building Capability.

We deliver role-based technical, leadership, and platform training to improve adoption, productivity, and long-term workforce readiness.

Skills Development

Training is aligned with industry needs, focusing on both technical and soft skills such as communication, teamwork, problem-solving, and professionalism.

Skills Development

Teqleader Consulting is passionate about empowering communities and contributing to South Africa's socio-economic development. By investing in unemployed youth and adults, we help reduce unemployment, build stronger workforces, and create opportunities for individuals to transform their lives and support their families.

We believe that access to skills is access to opportunity – and every learner deserves the chance to succeed.

Skills Development & Training

Learnerships and Internships at Teqleader Consulting

At Teqleader Consulting, we are committed to uplifting unemployed South Africans by creating meaningful pathways into the world of work. Through our learnership programmes, we equip individuals with practical skills, real workplace experience, that open doors to sustainable employment.

Our learnerships offer hands-on, on-the-job training. This approach ensures that learners not only gain knowledge but also develop the confidence and competence needed to succeed in today's competitive job market.

Work Experience

Learners gain valuable workplace exposure through placements with reputable host employers, giving them real-world experience that strengthens their employability.

Personal & Professional Growth

Beyond skills training, we mentor and support learners to build self-confidence, career readiness, and a positive work ethic.
